Teacher Talk®

Teacher Talk is an online Hanen CPD package which encourages language development in early childhood settings and links oral language & literacy. Play and daily routines provide opportunities to create enriched, interactive language-learning environments that include all children. Each course has **3 sessions**. **Please attend 'Part A' before attending 'Part B or C.'**

Part A: Encouraging Language Development in Early Childhood Settings

Learn how to: Identify children's conversational styles and the role that teachers play; let the child lead in individual and group interactions; help children become better conversational partners.

Part B: Let Language Lead the Way to Literacy

Learn how to: support literacy development by helping children develop a positive attitude toward the use of print; choosing books that match children's interests and stages of development; using book reading as a time for interaction and conversation; making print a natural and meaningful part of every day

Part C: Fostering Peer Interaction in Early Childhood Settings

Learn how to: provide a physical and social environment that encourages peer interaction and creates many opportunities or successful interactions with other children; making the most effective use of space in the classroom; encouraging a variety of groupings for interaction; providing appropriate materials and activities; creating reasons for interaction and providing specific coaching.

Please note: This training is free but there is a small cost for the accompanying workbooks (£14.95).
