**NEWS FROM DFE, NCB, EEF**

**The EEF Early Years Evidence Store has launched a new theme:**

[Approaches to Self-Regulation and Executive Function](#)

The new additions are designed to support early years staff to strengthen their practice and boost learning and development. Each theme summarises evidence-informed approaches and illustrates how they could be put into practice with children in all types of early years settings. Each approach is accompanied by videos of it in action, and further written examples to illustrate how it could be put into practice.
